Re: CATAÑO CITY HALL

Dear Mr. Kerckhoff:

Enclosed is a wall picture of the Cataño City Hall in which your company provided the cast stone. As you can see, it is a very fine structure.

Aireko Construction and the Arch. Mario Corcino are very proud. DC Kerckhoff did an excellent casting and we all agreed. Give our congratulations to your factory workers.

Cordially yours,

Engr. Angel E. Rodríguez,
Vice President of Operations
