## SENTRO

- WEIGHT** 2394 lbs
- DIMENSIONS** 100" x 28" x 18"
- FINISHES** NATURAL | MATE | POLISHED
- COLORS**

Sentro is a reinforced concrete bench that puts forward a fresh design that generates surfaces through interjecting planes. The geometric center ("Sentro") and articulating point provides support for the lines and planes that span from it. The design has been created by Estudio CHYCA and has won the Urban Bench Casa FOA 2016 award in Buenos Aires, Argentina
